

LIVE THE EMOTION

Scarab® is all about a feeling. It's where you can step into boats designed for exciting all the senses. It's where instinct is vital, and traditions are shattered. Share the moment and live for the #scarabadvantage...everything else is uncertain.

DOCK LIKE A PRO

Traditional jet boats are known to be a handful at slow-speed maneuvers and stationary positioning. Scarab and Rotax® teamed up and refined a system that removes and replaces that stress with confident boating. Achieve true neutral, spin 180s, and place the boat exactly where you intend. No more sweaty palms as you approach the dock.

ADJUST-ON-THE-FLY

Customizing how your Scarab handles at the dock and on the water is a celebrated luxury. Take control of your fun with a fingertip's grip when establishing true neutral or adjusting ramp speed and throttle control.

WAKE SPORTS

Spirited acceleration and shallow water accessibility combined with available ballast systems, digital speed control, and wake enhancement tabs for never before seen versatility. Yes, in a big way, we do wake sports!

Configure your Scarab 195–285 ID with the Wake Edition Package: digital speed controls, ballast, Surf Stream wake enhancement system, a wakeboard tower, board racks, and the Wake Edition graphic—unprecedented wake performance on a jet boat.
